

Name: _____

Hi, my name is Fin. I am a Clownfish. I swim around in the ocean. I like to ride along with the current. I have several friends in the ocean with me. I am friends with Dolly the dolphin, Sammy the swordfish, and Tommy the Turtle. Dolly swims very fast. Sammy is very shiny. Tommy lets the young turtles ride on his back. All of my friends and I like to swim to the underwater castle. The castle is very big and is made of rocks and coral. The castle has many colors. It is blue, pink, red, purple, orange, and yellow. We all like to race through the coral in the castle. After racing, we are always tired. We go to the sea market to get snacks. We each get a treat and go to the sand dunes to rest. We like to sit and talk about our favorite movies. After spending the day together, we all go to our homes to sleep for the night.

1. Which one of these people is NOT one of my friends?

- A. Sammy
- B. Tommy
- C. Danny
- D. Dolly
